FOLDING LADDER STAND

- **100% Made in USA quality using aircraft grade aluminum and double rail construction**
- **100% folding means no banging and clanging during setup and tear down**
- **Weighs just 33.5 pounds - that's right... just 33.5 pounds. Beat that!**
- **Has an adjustable platform so you never have to stand at unsafe or uncomfortable angle**
- **Sling-style padded seat for all day hunting comfort**
- **Simple one man setup and tear down (and that's for real!)**
- **Comes with leg levelers**
- **15 feet to seat**

- **Sets up in seconds, not hours like other ladder stands which gives you mobility and versatility**
- **Certified Fall Arrest System included**
- **All backed with the second-to-none TimberTall Lifetime warranty**

WARNING: FAILURE TO FOLLOW ALL WARNINGS LISTED COULD RESULT IN SERIOUS INJURY OR DEATH. Not to be used without a Full Body Harness (Fall Arrest System). Read instructions before use! Do NOT modify this product in any way. Proper maintenance and inspection is required!

TIMBERTALL TREE BLIND

- Sets up in seconds!
- Can be used with a treestand or as a ground blind
- All you need is a tree - not level ground!
- Made with water resistant material that also works to control odors
- Great for all types of hunting - including waterfowl, turkey, deer, elk, etc.
- Weighs only 7 pounds!
- Comes with a carrying bag
- Lifetime warranty on aircraft quality aluminum frame - 5 year on material
- Comes with ground stakes for securing to the ground and straps for securing it to a treestand

TimberTall Tree Blind setup shown in 3 simple steps: 1) Secure bracket to tree. 2) Slide blind attachment arm into bracket. 3) Expand outer frame rails. Done!
