# HUNT THE GIANT WHITETAILS OF ILLINOIS

Our hunting consists of spectacular western Illinois farms with approximately 50-60% woods and 40-50% crops with corn and soy beans grown in some of the country's richest soil (and you know what that means - GIANT BUCKS!). Just what the doctor ordered! Our hunting areas are private properties located mostly in Fulton, Schuyler, or McDonough counties.

We are not going to tell you that our land is so much better than theirs. In this particular area of the country, it is all unsurpassed whitetail hunting. You just need to pick the outfitter where you feel you will have the most enjoyable time.

We don't over-hunt our properties like some do. Keep in mind - this is not how we make our only source of living. We make hunting tree stands for our living. Our biggest goal is not to make money. Our biggest goal is to provide you with clean, spacious, comfortable lodging and unsurpassed hunting. In other words - providing you with a hunting vacation you'll never forget!

*While no hunt is guaranteed, we DO guarantee that the giant buck are there. It's up to you to put them in the pickup. These mature deer are very intelligent and can be extremely good at teaching even the most seasoned hunters a completely new set of manners while in the woods. And like anywhere else, some days you may see the deer, some days you won't.*

- Our hunts are semi-guided - meaning that one of our guides will position you at your stand site. If you have not had any success after a few days, the guide will then relocate you to a new location. No one is permitted to move their location without management's approval. *Anyone caught leaving their location and/or walking about without management's approval is subject to forfeiture of remaining hunt days.*
- We recommend bringing your own climbing stand for a more comfortable hunt.
- You **MUST** have an approved safety harness (Fall Arrest System) when hunting from a tree stand. No exceptions.
- If you prefer to use your own hang-on or ladder stand, you must put them up yourself a day prior to the day your hunt begins. We no longer hang them due to liability purposes.
- Our bucks must be at least 130" or greater gross B&C (minimum standard). If you do harvest a buck smaller than 130", you will be fined \$275.00. We require all of our hunters to sign a small buck harvest waiver (agreement includes button bucks).
- Lodging and your dinner meals are included in hunt price, unless arranged otherwise.

- If providing you don't receive a permit, your deposit can be refunded only if you apply for your permit in proper means by Illinois DNR regulations. Proof of application process is required for refund.
- A deposit of 50% is required to reserve your hunt dates. Remaining balance must be paid by the date you need to start applying for your permit. (Keep in mind - your deposit is non-refundable if we fill your spot due to your remaining balance not being paid on time)
